## Brown Moissanite

Brown Moissanite has the delicious color of cognac or whiskey. This elegant neutral shade will look outstanding with any outfit adding new dimensions of sophistication. Accent it with colorless Moissanite in melee sizes to a dazzling creation.

## Blue Moissanite

Blue Moissanite has the scene-stealing presence of the Hope Diamond, a rich blue with light bursting forth. The is particularly true with the round and oval shape, while the emerald and princess shapes have an almost navy hue tinged

with teal. It's a gorgeous neutral, perfect for every occasion.

## Green Moissanite

Green Moissanite will take your breath away. Its rich saturation will capture the attention of anyone who sees it, and it will go with any outfit simply because the owner will want to wear it all the time.

## Yellow Moissanite

Yellow Moissanite is the sparkling essence of joy, a stunning lab-created gem that uplifts the spirit and seems to have captured the sun. Think of it as a ray of hope. We can't call

it a neutral because it's too vivid, but it will go with everything.

## Black Moissanite

Black Moissanite offers mystery, drama, and sophistication that men will love as much as women. Most excitingly, it comes in more shapes than black diamond and costs much less.

Color and light fascinate me, making these new Moissanites a delightful tonic for my creativity. Introduce your customers to them, and see if they don't spark custom designs.
