Watch Band Care Guide

Genuine Leather Bands

Cowhide

CLEAN
- Wipe regularly with a soft, dry microfiber cloth to remove dust and oils.
- For deeper cleaning, use a leather cleaner specifically designed for fine leather.
- Spot clean only when necessary to avoid oversaturating the leather.

AVOID
- Water, excessive sweat, and high humidity
- Direct sunlight or prolonged heat exposure, which can dry and crack the leather
- Alcohol-based cleaners, household chemicals, and perfumes

CARE
- Apply a quality leather conditioner every few months to keep the leather supple.
- Allow the band to air-dry naturally if it becomes damp.
- Store in a cool, dry place away from direct sunlight.

Genuine Exotic Leather Bands

Crocodile, Alligator, Ostrich, Lizard

CLEAN
- Gently wipe with a soft, dry cloth after each wear.
- Use a slightly damp cloth only when necessary. Then, dry immediately.
- Clean only with products formulated for exotic leathers.

AVOID
- Excessive moisture or soaking
- Heat, direct sunlight, and rapid temperature changes
- Abrasive cleaners or rough cloths that can damage the natural finish

CARE
- Condition occasionally with an exotic leather conditioner.
- Store flat in a cool, dry environment.
- Minimize prolonged exposure to perspiration to preserve the leather's texture and finish.

Metal Bands

Stainless Steel

CLEAN
- Wash with warm water and mild dish soap.
- Use a soft-bristled toothbrush to clean between links and around the clasp.
- Remove dirt, sunscreen, and body oils that can accumulate over time

DRY
- Rinse thoroughly with clean water.
- Dry completely using a lint-free microfiber cloth to prevent water spots.

CARE
- Polish periodically with a jewelry polishing cloth to restore shine.
- Inspect pins and clasps regularly for a secure fit.
- Clean more frequently if worn during exercise or in humid climates.

Performance Bands

Carbon Fiber, Silicone Rubber, Nylon, Polyurethane

CLEAN
- Wash regularly with warm water and mild soap.
- Use a soft cloth or sponge to remove dirt, sweat, and oils.
- Rinse thoroughly after workouts, swimming, or outdoor activities.

DRY
- Pat dry with a clean towel or allow the band to air dry completely before wearing or storing.

AVOID
- Harsh solvents, bleach, abrasive cleaners, or stiff brushes
- Prolonged exposure to extreme heat or direct sunlight when not in use

CARE
- Clean promptly after exposure to sunscreen, insect repellent, salt water, or chlorine to help preserve the material's appearance.
- Store in a cool, dry place away from sharp objects that could scratch or damage the band.

Smart Watch Bands

Metal Mesh

CLEAN
- Use warm, soapy water and a soft brush to clean the woven mesh.
- Rinse thoroughly to remove soap residue.

CARE
- Dry completely before wearing.
- Check the magnetic or clasp closure periodically to ensure proper function.
